1. Claims 1-32 are presented for examination.
2. The disclosure is objected to because on the first paragraph of the page 1 should be updated with the current status of the cited applications such as U.S. Patent Application Serial No., a filing date, U.S. Patent No., and the issued date. Appropriate correction is required.
3. The disclosure is objected to because of the following informalities: the term "computer-readable medium" is never defined or specified in the specification (e.g., see the paragraph 12). Appropriate correction is required.
4. Claim 29 is rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. The omitted steps are: a) determining a time interval of interest, b) determining requests accessing a file during the time interval of interest, c) and other determining steps and performing in order to create the data structure as claimed. Without those steps, this single step method is incomplete and it is not clearly understood (see fig. 4).
5. Claim 1 is rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is not clearly understood how this data structure is created in order to represent at least one unique segment of the streaming media file.
6. Regarding claims 17-23, the term "operable" renders the claim(s) indefinite because it is unclear whether or not the operation or action is really happened in the claim. See MPEP § 2173.05(d).

7. Claims 1-4, 8, 17-23 and 29-32 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
8. Claims 5-7 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
9. Claims 9-16 and 24-28 are allowable.
10. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

The references are cited in the Form PTO-892 for the applicant's review.

A shortened statutory period for response to this action is set to expire 3 (three) months and 0 (zero) days from the mail date of this letter. Failure to respond within the period for response will result in **ABANDONMENT** of the application (see 35 U.S.C 133, M.P.E.P 710.02, 710.02(b)).
